Soft Skills: Problem-Solving, Leadership, Critical Thinking, Teamwork, Collaboration, Attention to Detail, Adaptability, Active Listening, Willingness to Learn

EDUCATION

University of Arkansas at Little Rock — *BASc, Information Science*

August 2023 - May 2027, Little Rock

Focus on using data and technology to improve decision-making, systems, and user experiences.

EXPERIENCE

Arkansas Space Grant Consortium — Web Development Project

Team Project | August 2025 - Nov 2025

- Collaborated in a team to redesign the consortium's website, focusing on usability and accessibility.
- Analyzed the current site to identify strengths, weaknesses, and areas for improvement.
- Simplified content and navigation to enhance user experience and align with a specific theme.
- Implemented design changes and layout improvements using WordPress.
- Coordinated tasks within the group, ensuring deadlines were met and design consistency maintained.

Mafia Game — *Personal Project*

May2025-Present

- Developed a multiplayer social deduction game with hidden roles (mafia vs. townspeople).

- Implemented game logic, turn-based interactions, and role-specific abilities.

- Built a responsive front-end using HTML, CSS, and JavaScript.

- Focused on user experience, accessibility, and real-time multiplayer interactions.

AWARDS

UA Little Rock Schueck, McCarty, Lexicon, INC. Dean's Endowed Fund!
